1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Ronald Slusky on June 16 and June 20, 2005.

The application has been amended as follows:

IN THE CLAIMS:

In claim 4, line 4, the word "packet" has been inserted before "network".

In claim 4, line 4, the word "virtual" has been inserted before "circuit".

In claim 4, line 5, the phrase "in packets" has been inserted before "between".

In claim 4, line 6, the word "virtual" has been inserted before "circuit".

In claim 5, line 2, the word "virtual" has been inserted before "circuit".

2. The following is an examiner's statement of reasons for allowance: All the claims are allowable over the prior art of record because prior art fail to teach or fairly suggest a method of transferring data over a packet network as claimed specifically including the features of causing the packet network to provision two or more virtual circuit connections having respective different data rates during the transfer of data in packets, the two or more virtual circuit connections being provisioned as a function of the actual data flow and in such a way as to achieve a desired overall data flow rate.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Min Jung whose telephone number is 571-272-3127. The examiner can normally be reached on Monday, Thursday, Friday 7:30 - 6:00.
